Subject Ex Parte Communication - Advisory Opinion Request
2010-19 (Google, Inc.)

Yesterday, during a break of the Commission's Open Session, I had a conversation with Marc Elias, counsel for Google, Inc., during which Mr. Elias expressed his views regarding the applicability of AO 2002-09 (Target Wireless) to the above referenced AO request.

The views Mr. Elias expressed to me were consistent with positions that he had previously articulated both in the advisory opinion request itself and in comments that Mr. Elias filed regarding the draft opinions that had been released by the Commission.
